*Have an 'F' in your math class? Please see your counselor for math placement options PRIOR to course selection on February 6th.

English, World Language, Science, Social Science and Elective Selections: Highlight or write in the course you plan to take to meet each of the subject requirements

English Course Options: (Highlight your selection)	World Language Options: (Fill in which class you should take next)	Science Options: (AP, Non-AP, A-G track etc)	Social Science Options (must take economics AND government)	Electives: How to Choose?
English 12		-Criminalistics (non A-G, community college track) -Physiology (enrolling in/completed Math II) -Chemistry (enrolling in/completed Math II) -Physics (enrolling in/completed Math II)	Economics: Economics OR AP Micro/Macro Economics	-All students must be enrolled in 80 credits during the year. -The only way to get a shortened day is to get an administrative approval by enrollment in a college class. -If you are in an Academy or Pathway, choose those program electives
AP English 12** (literature)	If you are currently enrolled in a World Language class and have earned a C or better, you can advance to the next level	-AP Chemistry -AP Physics 1 -AP Physics 2 -AP Biology	Government: American Government OR AP American Gov't/Comparative Gov't	-Do you need to retake any courses? Those WILL BE your electives -If you need to retake a class to earn a C or better for college eligibility, choose that as an elective. -After that, you can choose any of the electives that you qualify for and seem interesting to you!
**Students can choose AP English 12 regardless of their English 11 level but grades of As or Bs are recommended. Talk to your current English teacher to determine if the challenge of AP English is right for you.	Remember: All students need at least 2 levels of World Language for college (3 levels is recommended) All students need at least 1 year of World Language for graduation.	*It is recommended that you talk to your current science teacher regarding recommendations for AP Science. Choose the AP Science class that best matches your post-secondary goals.	**Students can choose AP levels regardless of their US History level. Talk to your US History and math (for Economics) teacher to determine if the challenge of AP social science is right for you.	**As a senior, you could be enrolled in as many as 40 credits of electives. Your top elective choices: _____ _____ _____
